<p>training under GG 2096241, is the chief plastic surgeon there and will continue to operate at Bali Mandara upon her return. Bali Mandara, opened 5 years ago, is a provincial hospital and probably the most modern equipped hospital in Bali. They are in the process of gaining university hospital status partnering with Sanglah Hospital, the State owned University Hospital.</p> <p>I mention this as it may fit in with our vision of establishing one day a Cranio-facial Center of Excellence on Bali supported by the Chang Gung Cranio-Facial Institute in Taipei. Perhaps a project interesting for ICC?</p>		
<p>4. PROGRAMME ON ENVIRONMENT & CLIMATE CHANGE</p> <p>4.1. Establishment of a Bali Waste Management Training Centre. Rotary to create a platform for the training and showcasing best-practices of waste reduction, reuse and recycle (3R principles) and Circular Economy (CE) that can be sustainable in their implementation, through a multi-phased project that accommodates open collaboration with relevant stakeholders</p> <p>TOTAL value : USD 112.000</p>	<p>Rotary Year 2022-23</p>	<p>DGN Suzana Chandra, RC Denpasar, Bali</p>
